Cheerleading *By Overtime Athletics* FRI | Grades K—6 \$145

Motion creates Emotion! Take your spirit to a higher level! Learn routines, cheers, motions and jumps that promote teamwork, fitness and FUN. We'll work on basic cheer and dance movements that have participants smiling from ear to ear and bouncing from head to toe! We bring the sidelines to center stage with cheers that include: "Who Rocks the House", "G-O Yell GO", "Dynamite", and many more. Our pyramid of activity will include cheers, routines, jump roping, and warm up games. Come be a part of something bigger, sign up today!

Chess Enrichment *By CHESS-ED* MON | Grades 1—8 \$200

This Chess Enrichment Program is an exciting, dynamic and fun program, developing chess skills that will take each student to a new level of expertise. The fundamentals, followed by opening game theory, middle game tactics -- both simple and advanced and end game combinations, plus more will be covered in this program by a professional instructor from Chess-Ed. Chess-Ed is the premiere chess provider in Chicago. Studies continue to confirm that the student that plays and studies chess does better academically. Chess is the "Sport of the Mind". Join TODAY!

Circus Fun *By CircEsteem* THU | Grades 1—5 \$247

CircEsteem is a unique and exciting organization that gives kids the opportunity to "clown around," while developing balance, flexibility and hand-eye coordination. Fostering confidence and cooperation, our professional circus staff teach a variety of circus skills including tight wire walking, juggling, plate spinning, acrobatics, and clowning. Each session varies in format and introduces new skills, allowing returning students to advance and beginners to model their peers. CircEsteem classes give every child the chance to shine in the center ring, while building confidence and allowing students to work as a team. Parents will be treated to a circus show at the end of the session!

Coding and Game Design

By Kids STEM Studio

TUE | Grades 1—5 \$262

Learn to code using Tynker's own visual programming language, featuring visual drag-n-drop logic blocks that eliminate the need to understand programming syntax. Young learners learn to program their own games and apps using extensive media gallery and physics engine.

Culinary Kids

By Chef Lois Levine

JUNIOR CHEF: TUE | Grades K—2 \$267

SENIOR CHEF: WED | Grades 3—6 \$267

Junior Chef is designed to encourage children to try new and healthy foods! The children are strongly encouraged to try everything they make, as that is part of the experience. Some of the recipes that the class will make will be holiday foods- Day of the Dead, Christmas, Chanukah, etc. Seasonal foods and silly food holidays, hamburger month, egg month and salad month to name a few. Also included will be information on unusual foods, and holidays, worksheets where applicable, stories and food games. The children will learn how to properly use "plastic knives", mix, measure, good table manners, how to set a table and to just have fun! **Senior Chef** is designed for children with some cooking experience. The focus is on reading and following recipes, learning how to properly use kitchen knives, measuring correctly and of course trying new foods and eating their creations. Healthy eating is also considered! Families are invited to taste their children's cooking!

Girl Power Yoga Club

By Mission Propelle

TUE | Grades K—5 \$198

Mission Propelle empowers girls in elementary school to discover who they are, what they believe, and how to advocate for themselves. We accomplish this through an after-school program that combines yoga, reading, and mentoring. In each one-hour class, girls develop mindfulness, deep breathing techniques, and self-confidence as they practice yoga. They learn how to solve problems by reading original storybooks starring Dottie Tov, a relatable and age-aligned female protagonist. The girls discuss the content of the book and how it relates to their own life. Throughout class, girls learn to apply leadership skills in their everyday lives as they receive situation-based mentorship from trained instructors. All girls receive digital downloads of the original storybooks each week! ALL STUDENTS RECEIVE A T-SHIRT! *Collect a new shirt each term. New students receive their very own yoga mat!

Mr. Tom's Guitar Songs & Skills —Levels 1, 2 & 3

By Skydog Workshops

MON | Grades K—3 \$198

WED | Grades 1—4 \$198

THU | Grades 2—5 \$216

Level 1—This class focuses on nurturing a love of playing guitar and making music by learning simple chords, transitions, and strumming patterns in well-known pop & rock songs. Beginner's welcome!

Level 2—Continue to hone your skills with open chords, 4-chord pop & rock songs, and composing your own original songs! This class is geared towards students who have some experience and to motivated learners!

Level 3 -Tackle complex guitar skills and rehearse your songs to be "performance ready!" Lessons include music theory, chords, strumming, and singing. This is a fast-paced class that turns students into passionate lifelong musicians. One year of experience recommended! ***Includes a short performance at the end of the session for families to see what we've learned! Guitars are provided for use in class, but students are encouraged to bring their own if possible.***

Improv Comedy

By Knuckleball Comedy

THU | Grades 1—5 \$189

With direction and coaching from an experienced comedian, kids learn the basics of improvisation and performance through fun mind games and interactive play. Along the way, kids will gain valuable communication and teamworking skills as they learn to listen and think creatively. At the end of the session, kids will also produce and star in their very own improv comedy show which is sure to receive lots of laughs from both the audience and participants! Sign up now and let's build confidence and new friendships while we laugh together.

Jedi Engineering W/ LEGO materials

By Play-Well TEKnologies

THU | Grades K—2 \$262

The Force Awakens in this introductory engineering course for young Jedi! Explore engineering principles by designing and building projects using LEGO® materials such as X-Wings, R2 Units, Energy Catapults, Defense Turrets, and Settlements from a galaxy far, far away. Create motorized and architectural projects with imagination and engineering to defeat the Empire!

Class dismisses at 5 pm.

Knitastic

By Sister Art Studio

WED | Grades 2—6 \$307

Knitastic - Learn to cast on, knit and bind off. Beginning and advanced knitters welcome! Beginning knitters will knit a scarf or a small stuffed bunny. Advanced knitters can learn to knit in the round and knit a warm winter hat or cowl. Join us...knitting is very relaxing once you catch on!

Mad Science Presents: Sense-ational Science

MON | Grades K—6 \$227

Junior Mad Scientists will harness heat energy, learn the science behind heat movement and explore the properties of both light and color. They will investigate the power of magnets, examine curious optical illusions, make their own periscope and analyze the amazing properties of food. Children will get to know their taste buds better and witness a hair raising demonstration of static electricity and much, much more!

Maker's Design Lab

By Sloan Lavery

TUE | Grades 2—8 \$215

This class teaches the principles of design in an innovative way using tools and materials to make and craft fun projects. We emphasize cooperation, concentration, patience, creative process and promote confidence building. Designers are encouraged to challenge themselves while learning practical skills and techniques. Without necessarily realizing, young maker's will learn about geometry, scale, proportion, structural and physical principles drawing on everyday examples and objects in the built environment they inhabit

Magic Tree House

By Emerald City Theatre

TUE | Grades 1—5 \$204

Dinosaurs! Knights! Mummies! Join the Magic Tree House team of Jack and Annie on their theatrical adventures around the world! We'll have our own Magic Tree House adventure – who knows where it might take us? This exploratory acting class will have a special focus on research, riddles, codes, and courage. Students will create their very own original Magic Tree House adventure to be presented for family and friends on the last day of class.

Origami Paper Jam

By Skydog Workshops

FRI | Grades K—6 \$176

Origami is the art of folding paper! Take one square of paper and you can fold it into birds, bugs, flowers, fidget spinners, Pokemon, Minions, and so much more! Every week we explore all the ways we can use paper to create something unique, and they're yours to take home! Try something new, see what happens! Let's create together as we develop our fine motor skills, cooperative learning, and spatial reasoning.

Moana

By Emerald City Theatre

TUE | Grades PreK—K \$204

Motunui is in trouble and Moana holds the key to the island's rescue. With the help of demigod Maui, how far will she go to save her people? With songs by Tony Award-winning writer Lin-Manuel Miranda, take to the ocean to tell this story of bravery and self-discovery. With memorable characters and catchy tunes, students are sure to sing the songs of Moana long after the final performance.

Space Robots

By RobotCity Workshop

FRI | Grades K—2 & 3—5 \$293

ROBOTS IN SPACE!

Satellites and deep space probes are just different types of robots. This session we will explore how robots are powered in space, different forms of propulsion, magnetic fields, and more! In addition to learning about space travel, each student will get to build and take home a solar-powered planetary rover-bot!

*Students build different robots every session

Soccer Skills—Rookie

By We Got Game

FRI | Grades K—3 \$220

Players work to improve footwork and balance critical to developing soccer skills. Technique will be refined through ball manipulation, skill building games and small-sided soccer games designed to enhance repetition. Healthy competition and encouraging good sportsmanship are foundational components to the program.

Spanish By Lango of Chicago

THU | Grades K—3 \$218

Lango offers language enrichment classes after school days for Preschool - 8th grade students. Our curriculum has been conceptualized on the foundations of second language learning breakthroughs, giving students unique scaffolded opportunities to gradually acquire and use target language constructions and problem solving skills. Students will complete meaningful projects and engage in conversation exchanges with interactive goals, designed to mimic situations they might encounter in their lives.

Taekwondo By HMD Academy

MON & WED | Grades 1—8 \$264

The HMD Academy Tae Kwon Do program's goal is the development of character. Our training method begins with one's physical coordination and bridges the principles of integrity, perseverance and visualization into social and academic development. Goal setting and an essay in addition to the physical skill performance are required for promotion. Uniform is an additional \$45.

Ukulele Rocks

By Skydog Workshop

FRI | Grades 2—5 \$198

Ukuleles offer an easy entry into playing stringed instruments. Large spacing in between the four strings and a small scale neck means that small hands have an easy time picking up this popular instrument! Learn lots of pop & rock songs as we learn simple chords, transitions, and strumming patterns. Skills learned on ukulele are also directly transferable to guitar! ***Includes a short performance at the end of the session for families to see what we've learned! Ukuleles are provided for use in class, but students are encouraged to bring their own if possible.***

Unicoi Happy Hands

By Unicoi Art Studio

WED | Grades K—3 \$253

NEW SESSION NEW PROJECTS! Your child will explore a wide variety of subjects from rockets and robots to famous artists by learning to paint, draw, collage and sculpt. Tactile materials like clay, wax strings, oil pastels and acrylic paints will help your child enjoy learning the basic principles of art and invite them to think creatively with a new project each week.

Violin By Smiling Strings

MON | CONTINUING Grades 1—8 \$333

WED | BEGINNERS Grades K—6 \$320

Modified Suzuki approach. Students learn by rote the basic techniques of holding the violin/bow, producing a good tone and memorizing short songs and rhythms. Instructors hold professional music degrees in performance or music education. Two recitals per school year. The beginner's class is for students who have never played before or who have taken lessons one year or less. Violins are NOT PROVIDED and may be rented for about \$20 a month. Info on where to rent quality instruments as well as the Smiling Strings program can be found at SmilingStrings.com. For more info call (773) 263-8816.
