Electives Descriptions (page 1)

Amazing Minds

MON | Grades K—2 \$189

Calling all K-2nd graders! How would you like to go on an incredible journey with Amazing Minds after school where instructors will help sharpen your skills in math, science, geography, language arts and reading through fun, hands-on thematic based activities. Science will come alive through our exploration of rocks and minerals, flight, weather, health and safety, computers; explore math learning about money, geometry and shapes; grab your teacher's hand and travel to China, Ancient Egypt, Italy, Washington DC or Australia to name just a few. Go to the head of the class in reading because of our hands-on reading games involving the animal kingdom, ocean creatures and even the Preamble to the Constitution! (Topics change each session- 18 topics in all). Build rock collections, excavate Ancient Egyptian tombs, or shop in a simulated grocery store. Dissect owl pellets, wear prism glasses, and make raisins bounce! Top it all off with exciting topic related take home prizes such as an Australian boomerang or a shark's tooth! Come and exercise your brain with us after school!

Art After School By Daralyn Rist

MON | Grades K—5 \$251

Learn about the Old Masters and create a masterpiece of your own. This class offers the opportunity to work with mediums such as clay, paint, oil pastels and more. Sign up for fun and become more confident through creativity.

Beginning Band By Band For Today

THU | Grades 4—6 \$537

Beginning band class offering lessons in flute, clarinet, saxophone, trumpet, trombone and snare drum. 2 concerts are included. This class runs for Winter and Spring session. Payment plans available.

Beginning Piano By Band For Today

MON | Grades K—3 \$537

Students will get a class combining a piano lesson and music theory. This class runs for Winter and Spring session. Payment plans available.

Bollywood Groove Dance By Bollywood Groove

FRI | Grades K—5 \$220

Bollywood Groove is an active movement class that uses dance as an interactive vehicle in a globalized educational environment where students learn about a rich culture while simultaneously growing into strong, confident dancers with movement fundamentals. Each session includes:

Dance Routine: A 3-4 minute Indian dance choreography using popular Bollywood tunes.

Culture ZOOM: A cultural concept taught via our picture story books, highlighting a specific aspect of Indian culture.

Glimpse of the program: <https://youtu.be/2vRPuNzI3XE>

Students will get an opportunity to shine on stage and build their confidence by performing the dance routine learned in this session.

They will also get to experience a great show by other performers.

Bollywood Groove (bG) Annual Show to be held at Beverly Arts Center in Chicago on June 10.

Please note: Dress rehearsal on June 3.

The tuition includes the recital costume rental, recital fee, a bG book, class t-shirt, practice video of dance, and craft supplies.

Broadway Kids—Featuring Alice in Wonderland Jr

By Dream Big Drama

THU | Grades K—3 \$234

Join us for adventures in Wonderland! We'll chase the White Rabbit down the rabbit hole, race the Dodo Bird, get tied up with Tweedle Dee and Tweedle Dum, rap with a bubble-blowing Caterpillar and beat the Queen of Hearts at her own game all while exploring the foundations of drama, music and movement to create our own adaptation of this classic tale. It's set to be a curiously great class that culminates in a performance for family and friends to enjoy! Don't be late!

Chess Scholars

WED | Grades K—8 \$141

Chess Scholars Afterschool Chess Club. Open to grades K-8. Develop your child's intellect through the royal game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Also, chess has been proven to enhance children's motivation, concentration, focus, social skills, and creativity. No previous knowledge of chess is necessary. Each class will consist of a fun interactive teaching period and guided practice time. Both beginner and experienced players are welcome and will get to the next level under the guidance of an experienced Chess Scholars coach. There will also be a chess competition with prizes at the end of the session!

Coding & Game Design By Kids Stem Studio

TUE | Grades 1—5 \$247

Learn to code using Tynker's own visual programming language, featuring visual drag-n-drop logic blocks that eliminate the need to understand programming syntax. Young learners learn to program their own games and apps using extensive media gallery and physics engine.

Cooking By The Kids' Table

FRI | Grades K—5 \$314

The Kids' Table is bringing their hands-on cooking programs to your school! Each week, the students chop, grate and roll their way to a different delicious dish, and get the recipe so they can recreate it at home. The program is designed to promote a love of food and healthy eating by teaching age-appropriate culinary skills, exposing kids to a variety of wholesome ingredients and encouraging good food choices. It's hands-on, engaging and delicious, transforming healthy cooking and eating from chore to adventure! But the Kids' Table mission extends well beyond imparting culinary skills. It's about connecting kids with food, with the earth and with each other. The goal? To make the world a healthier place, one delicious dish at a time.

Electives Descriptions (page 2)

Crazy Chemworks By Mad Science

THU | Grades K—6 \$247

Join Mad Science for fun science experiments and activities! Children will become junior lab scientists as they discover the properties of ooey-goopy slime, create instantaneous reactions, watch things that glow in the dark, manipulate matter in all three states and much, much more! Take homes include their own laboratory gear to continue their research!

Hands On Engineering By Kids STEM Studio

FRI | Grades K—2 \$226

Do you have a child who loves to build their own inventions and is curious about how and why things work? Through hands-on activities, students will jump right into the engineering cycle of designing, crafting, testing, and improving their very own creations. Students design and build their own electrical gadgets, simple machines and mechanisms, bridges, rockets, boats and more, learning various engineering disciplines. They also get to take their creations home everyday.

Hip Hop By Design Dance

MON | Grades K—3 \$189

Learn basic hip hop technique in an energetic classroom! Dancers will practice choreography to upbeat music while improving upon rhythm, flexibility, coordination, and improvisation. All hip hop students should wear clean gym shoes and comfortable clothes that they can move in.

Karate By ITKA Karate

TUE | Grades 1—8 \$247

Karate is built upon a strong foundation of basic moves that include specific stances, punches, blocks, and kicks. Proper body alignment and movement are emphasized, as are concentration and focus. During the practice of basics, students learn stability, balance, proper technique, and the principles of body contraction and relaxation. Basics are practiced during every training session by every level of karateka (karate student).

Multi Sport By We Got Game

WED | Grades K—3 \$165

This class features a new sport every 3 weeks. New players will learn new skills. Returning players will be able to practice skills and learn team concepts about each sport. Our schedule of sports this session include:

Week 1,2,3- Capture the flag/running games

Week 4,5,6- Floor Hockey Week

Week 6,7,8 - Soccer Week

Week 9,10- Dodgeball

Week 11- Players choice

Engineering Adventures

By Bricks 4 Kidz

TUE | Grades K—3 \$206

Engineering Adventures: So you want to be an engineer or architect? Well what are you waiting for? This is your chance. Join us as we put our engineering skills to the test to build bridges, vehicles and more. We'll learn about different types of careers for you to explore. Do you want to build bridges? Then civil engineering might be the job for you. Want to design the next cool electric car? Then you may be destined to become an automotive engineer. Come learn, build and experience engineering adventures with us!

Unicoi Happy Hands By Unicoi Art Studio

WED | Grades K—3 \$239

NEW SESSION NEW PROJECTS! Your child will explore a wide variety of subjects from rockets and robots to famous artists by learning to paint, draw, collage and sculpt. Tactile materials like clay, wax strings, oil pastels and acrylic paints will help your child enjoy learning the basic principles of art and invite them to think creatively with a new project each week.

Theater with Disney's Aladdin

By Corella Productions

WED | Grades K—8 \$1200

A year long theatre program! The beginning of this program will involve auditions for the Broadway hit Disney's Aladdin! We will rehearse the show and prepare for a full blown Broadway style production (March) with costumes, lights, makeup, wigs, sound equipment and more! The weeks following the show will involve concentrated Master Classes with our staff! Choreography and vocals will be learned from 2 Broadway shows, improv study and our new monologue writing intensive! This year promises to be even Bigger and Better than EVER! **YEAR LONG: Class runs until June 7. Payments will be made in four installments of \$300.**

Class will dismiss at 5:30pm.

Violin By Smiling Strings

BEGINNERS FRI | Grades K—6 \$314

CONTINUING THU | Grades 1—6 \$343

Creativity and spontaneity are at the heart of this action packed improvisation class. In each session, participants engage in improvised scenarios, creative movement exercises, vocal training, and character creation. The class gives students the opportunity to tap into their imagination and bring their own unique characters and stories to life on stage. **Continuing Violin** for all returning students from last year only (no new beginners). Class will be team taught by Miss Amanda and Miss Celeste.
