## **Robot Explorers 1 by 21st Century Kids (MONDAYS)**

In Robot Explorers™, learning about robotics technology rises to a new level! Kid-friendly robots are created, tested, and sent on exciting missions! Robots battle, race, and experience a variety of challenges that allow everyone to be engaged at their own level. Children improve critical thinking and problem solving skills, expand their knowledge of engineering and technology, and add their own creative touch to amazing and fun robots! This course, Robot Explorers 1, focuses on understanding, implementing, and using motors, sensors, and remote control. **\$149 Grades K—4**
