

Right At School – Parent Consent and Release

I agree to Right At School's ("RAS's") terms of participation as defined in the Parent Handbook.

I agree that I will not send my child to childcare if they have symptoms of respiratory or gastrointestinal infections or if they test positive for COVID-19. I understand that School District ("District") or RAS staff, pursuant to federal, state, or local policies or guidance, may conduct health screenings of my child to ensure the well-being of all childcare participants and staff. I consent to those health screenings. I further understand and agree that my child's enrollment in childcare is subject to the District's and RAS's determination that my child's attendance does not pose a health or safety risk to other children or staff. I understand that sending my child into any group setting, including childcare, may expose them to illnesses such as COVID-19. I understand and agree that while the District and RAS will take steps to keep all children and staff safe and healthy, they cannot guarantee this will occur. I also understand that the District and RAS may need to adjust these health measures and other aspects of the childcare program to adapt to changing situations and in response to guidance or rules issued by health or other governmental authorities.

I hereby release and hold harmless the District and RAS, including their officers, directors, employees, and agents from any and all liability, claims, demands, and causes of action whatsoever, including those caused by negligence, arising out of or in any way related to my child's participation in the childcare program, including but not limited to those arising out of or in any way related to COVID-19. I knowingly waive all such claims and agree that this release and waiver shall bind my guardians, assigns, heirs, administrators, and executors forever.

Finally, the ability of the childcare program to operate may change depending on staff availability and government and public health orders, directives, and guidance. I understand that the childcare program may need to reduce enrollment or cease operations in the future and that the District's and RAS's ability to provide childcare for my child is not guaranteed.
