All Girls Beginner's

Chess *By Dynamic Chess*

FRI | Grades K—5 \$151

Chess is typically a male dominated game, and some girls find being outnumbered by boys to be intimidating in the classroom. Dynamic Chess wants to create an optimum learning environment for girls, and for every student! If your daughter wants to be in an all-girls class and a co-ed class, she is more than welcome to join both! Your child will be taught the basics of chess by a female chess instructor. They will learn things such as how the pieces move, piece values, what is a check, checkmate, and stalemate. Each child will also learn good opening principles, positional concepts, and common checkmate patterns. Your daughter will be taught how to improve calculation and resourcefulness on and off the chess board! Girl Power!

Chinese *By Hai-Tao Huang*

WED | Grades K—5 \$132

In Chinese class we work on speaking, listening, reading and writing mandarin Chinese. To actively engage students with the language I use activities, drawing and songs. Character writing is a critical part of our work along with using vocabulary in conversation.

Dynamic Chess

WED | Grades K—1 & 2—5 \$161

Your child will be given a solid foundation in the basics of chess and more advanced concepts based on their starting level. All playing levels are welcome, including absolute beginners! Beginners and more experienced players will be separated into different groups. The class will focus in all areas of the opening, middlegame, and endgame. The class will also cover famous chess games, numerous checkmate patterns, and how to improve chess calculation and visualization. The 2—5 class will move at a faster pace than the K-1 class!

Kids' Clay *By Terra Incognito*

THU | Grades K—5 \$187

Children are picked up at Beye school by Terra Incognito staff and escorted to our studio (246 Chicago Ave. Oak Park). Pick up, by parents or care givers, is at Terra Incognito at 4:15 P.M. It's O.K. to pinch in this class! The young artist will be introduced to the basic pinch, coil, and slab hand build-

ing techniques, through projects designed to stimulate creativity in a playful way. The emphasis is on fun, while experimenting with the tactile and plastic qualities of clay. A ball of clay may become a a fantasy creature, an imagined environment or something equally amazing **To register, call 708-383-6228 or go to <http://www.terraincognitostudios.com/604508/beye-after-school-kidsclay>**

French *By Language Stars*

MON | Grades K—3 \$215

Language Stars makes learning another language fun! By using a play-based, active learning that includes games, songs and activities we makes language learning easier. Language Stars only uses native-speaking teachers to ensure cultural authenticity. Language Stars has designed a comprehensive program that will enable the children at Beye Elementary to enjoy the benefits of a results-focused, engaging world language program!

Multisport Madness

By Legacy Sports Camp

FRI | Grades K—5 \$143

Our most popular program that includes variations of traditional gym games like relay races, tag, capture the flag, dodgeball, soccer as well as our popular Legacy games like Hand Hockey, Illinois Jones and Battleship.

Sticky Fingers Cooking

TUE | Grades K—5 \$218

Let your child release their inner chef! Students will prepare and eat healthy, globally inspired recipes all while learning to cook in a fun, engaging and real-world way! We will cover terminology, ingredients and fun nutrition facts (even a few bad jokes!) We will practice measurements, use a wide array of cooking utensils all while preparing the freshest ingredients. Full recipes will be created each class with our AWESOME master chef Sticky Fingers Cooking instructors.

Superhero Engineering Using LEGO

By Play-Well TEKnologies

MON | Grades K—2 \$213

Save the world with LEGO® Super Heroes! Build the hideouts and vehicles of your favorite caped crusaders and

learn what makes them not only Super Heroes, but Super Hero Engineers! An experienced Play-Well instructor guides young heroes as they design, build, and save a city where ingenuity and imagination can solve any conflict. **Class dismissal at 4:40 pm.**

Taekwondo

By Flying V Martial Arts

TUE | Grades K—5 \$114

Our Taekwondo classes offers a total fitness program integrating mind, body and spirit. The program focuses on improving not only basic motor skills, but developing students' confidence, self-esteem, discipline, respect and focus. Furthermore, our program consists of a balanced cardiovascular workout, including punching, kicking, and blocking skills while using self-control and the Taekwondo tradition. Participants will improve coordination, power of concentration, balance, and both physical and mental discipline. The program will encourage students' sense of commitment and persistence in the face of challenges while helping them enter society with a more confident and enthusiastic outlook.

YogaKids

By YogaKids of Oak Park

THU | Grades K—5 \$126

Kim has studied a variety of yoga styles for over 20 years. She is a Certified YogaKids Teacher (CYKT) . YogaKids is based on Howard Gardener's Multiple Intelligence Theory. In every class, music, stories and cooperative activities insure that each child is engaged and confident. Age-appropriate breathing techniques both calm and energize. Yoga poses strengthen and stretch the body. Verbal directions and movement that crosses the body's mid-line create new brain pathways to learning and concentration. Since yoga is a non-competitive activity, self-esteem is naturally fostered. Both boys and girls enjoy fun, friendship and focus each week.
